

EASTPOINTE COMMUNITY SCHOOLS

November 8, 2022

Dear Families,

Our Mission at Eastpointe is, “in partnership with families and community, we will empower all students to achieve academic and personal success.” We know that our students are diverse, learn at different paces and in different ways. With that in mind, we will give our students any support they need to be successful. One way to ensure this is through MTSS: Multi-Tiered Systems of Support. MTSS is our district wide process of ensuring that all students learn at grade level or higher. We provide MTSS in the areas of academics, attendance, behavior and social emotional needs based on evidence expressing a concern.

MTSS includes three tiers of support.

Tier I: Every student receives tier I instruction within the classroom. This includes having access to grade-level standards and school wide behavior expectations.

Tier II: In addition to tier I, we provide targeted, consistent interventions to those students who need additional support than they are receiving in a whole group setting. This is often facilitated by the classroom teacher in a small group setting.

Tier III: In addition to tier I and II, these students will require a specific learning or behavior plan called an SSP: Student Success Plan. Parents will be invited to attend these meetings.

Eastpointe is committed to your child's success in school and in life. If you have questions regarding our MTSS process, please contact your child's teacher or reach out to Student Support Services.

Thank you,
Student Support Services
