May 12, 2020

To the Parent/Guardian of:

Dear Shamrock Senior,

Since we departed school in March, one of toughest decisions we have been faced with is how to proceed with honoring the Historic EHS Class of 2020, for the annual Graduation Ceremony. With great hopes, we anticipated this ceremony to be held this month. However, do to the Stay Home - Stay Safe Executive Orders this is not something we can do.

We are excited to put in place a “Virtual Commencement Ceremony” for your Senior. The ceremony will be presented on Thursday, May 28, 2020 at 7:00 p.m. The ceremony will be broadcast on our districts Facebook Page, Youtube, and the local cable tv channel via Zoom, in coordination with Jostens. The Virtual Commencement Ceremony will include a slideshow reading each graduate’s name and a picture presented. Speeches will also be made by the Class President, Class Valedictorian, other Shamrock Seniors, and faculty staff members.

Your Senior will receive an invitation to participate in the viewing of the ceremony through their student Google email address. Notification will also be mailed home via USPS. We know this is not the EHS tradition however, it is in the best interest of our Shamrock Family that we continue to uphold the Stay Home Stay Safe Order, social distancing requirements, and the avoidance of large gatherings.

Arrangements are available for your Senior to pick up their cap and gown and drop off other school owned property beginning this Monday (see flyer attached). Please stay tuned for Pick up Your Diploma Day, which will be scheduled when we are permitted to do so.

We wish our Shamrock Seniors the ultimate best in their future endeavors. We trust that you understand these very difficult decisions were made in the best interests of all participants.

Educationally yours,

Renita Williams,
Interim Principal
